Ventilation Guidelines Software

This program is a computerized version of TECA's **Mechanical Ventilation Checklists** from our **Ventilation Guidelines Manual**. This software, like the *Checklists*, is ONLY available to those who have successfully completed the *Ventilation Guidelines Course* and have been issued a Ventilation certificate. **You must provide your current (2006) Ventilation Certification Number in the "Vent Stamp" area below to order this program.**

The program will produce **Type A** (non-distributed), **Type B** (distributed), or **Type C** (HRV or CEV system) Checklists. Simple step-by-step procedures will guide you through an input sheet and will produce a print-ready output page virtually identical to the *Checklists* contained in your *TECA Ventilation Guidelines* manual.

Many BC municipalities require these checklists.

Computer Requirements: TECA's Quality First programs are provided on **CD** to run using **MSExcels™97**. You must have Excel™ 97 or newer spreadsheet software installed on your PC in order to use this program.

Program Features:

- **Automatic CFM calculation.** Just enter floor areas and ceiling heights and the program calculates CFM.
- **Make-up Air System Requirements** are calculated when required by larger exhaust fan installations.
- A selection of **commonly used fans** has been pre-entered, so you can easily select exhaust fans from drop down menus that will give CFM, SP, and Sones. The user can enter fan data for any fan not shown.
- Like fans, common **HRVs** can be selected from pull down menus or entered by the user.
- Various features will alert you to fans that are too noisy or have insufficient air volumes.

Please customize my Ventilation Software with the following information and ship my order to:

Company* _____
 Name* _____
 Address _____
 City _____ Postal Code _____
 Phone _____ Fax/E-mail _____

** Please provide your name and company as you wish them to appear on your software. Changes requiring re-issue are subject to a \$25 fee.*

Software shipped pre-paid only. You must provide your Ventilation Certification Number HERE to order:
